

BIOGAS HOCHREITER

Innovation aus einer Hand

Hochreiter Pump station

Biogas plant technology

Facts

- ▶ 18.5, 22 and 30 kW electrical power
- ▶ Body made of stainless steel with 5 inlets in DN300
- ▶ Integrated manifold from 5 to 11 outlets
- ▶ High degree of prefabrication due to a beforehand frame construction with pneumatic gate valves
- ▶ Large pumping capacity due to a centrifugal pump
- ▶ Automatic central lubrication system
- ▶ As an option: with flow measurement

Energy for the future
